Guayas, Ecuador

Self-taught Full Stack Software Engineer and Software Engineering student with 6 years of experience in Node.js, TypeScript, and automation systems.

I have been building backend systems, automation solutions, and scalable tools since my teenage years, including bots and infrastructure for high-traffic Discord communities, API integrations, and my own SaaS automation and CRM platform.

WORK EXPERIENCE

Feb 2023
Apr 2023

Technical Support & Infrastructure, LICEO LOS DELFINES, Ecuador

- **Role purpose:** Provided IT infrastructure support and managed educational systems, ensuring the operational continuity of the network, academic platforms, and workstations.

Key achievements:

- Identified and remediated a critical vulnerability in the Gescolar academic system that allowed unauthorized access through authentication tokens.
- Deployed **Windows Server 2022 and Active Directory** to centralize user management.
- Implemented security policies across campus services and file systems.
- Deployed and standardized workstation infrastructure for classrooms and administrative offices.
- Implemented LAN monitoring using **Veyon** for real-time supervision.

Aug 2024

Freelance Automation & CRM Systems Developer, MULTIPLE CLIENTS, Ecuador

- **Role purpose:** Designed and implemented marketing automation, CRM, and customer management systems to optimize lead generation, follow-up, and conversion.

Key achievements:

- Built end-to-end lead automation workflows (lead capture → follow-up → conversion → appointment scheduling), significantly reducing manual operational work.
- Developed chatbots and conversational workflows for automated customer support.
- Integrated **Google Calendar API and Zapier**, eliminating manual scheduling processes.
- Designed high-conversion acquisition funnels using Meta Ads.
- Delivered tailored automation solutions for multiple healthcare and service businesses, including veterinary, dental, and childcare clients.

- **Portfolio:** [Marketing Agency](#)

PROJECTS & INDEPENDENT EXPERIENCE

May 2019
Present

Software Engineering & SaaS Development, SELF-DIRECTED / INDEPENDENT PROJECTS, Remote

- **Role purpose:** Designed and developed software, automation solutions, and SaaS platforms while building and managing high-traffic online communities for content creators and small businesses.

Key achievements:

- Scaled Discord communities from **4k/10k to 168k/223k members** by implementing automation, moderation, and infrastructure systems.
- Developed bots, internal tools, and a SaaS platform focused on workflow automation, CRM, and customer management.
- Designed scalable architectures using **Node.js, TypeScript, Next.js, PostgreSQL, Redis, and Docker**.
- Built APIs, infrastructure, and automated workflows to streamline operations and reduce manual processes.

- **Portfolio:** [B2B SaaS CRM](#), [Discord Communities](#), [Future Project](#)

Node.js TypeScript Next.js PostgreSQL Redis Docker API Design SaaS Development System Architecture Community Management

 TECH SKILLS

Node.js

TypeScript

React.js / Next.js

HTML/CSS/JavaScript

API Integration (CRUD)

PostgreSQL / MongoDB / MySQL

Python

PyTorch

Java

PHP / Laravel

CRM Automation (Zapier, Make, GoHighLevel)

Networking

REST APIs, Authentication, Backend Systems, Express

Scalable Applications, Backend, Frontend Development

Frontend Development, SSR, CSR, UI Architecture

Web Development, UI, Debugging, DOM Manipulation

REST APIs, CRUD Systems, Third-Party APIs, Integration Workflows

Databases, Data Modeling, Query Design

Automation, Data Processing, Machine Learning, Scripting

Neural Networks, Deep Learning, Model Training, Experimentation

OOP, Basic Backend Concepts, Academic Projects

Web Applications, MVC, Backend Development

Workflow Automation, Business Process Automation, Integrations

TCP/IP, DNS, DHCP, HTTP/HTTPS, Networking Fundamentals

 EDUCATION

2024 - 2026

2026 - Present

B.Sc. in Data Science and Artificial Intelligence, ESPOL, Ecuador

B.Sc. in Software Engineering (Development, Operations & Security), UEES Online, Ecuador
